A Grailey Thank you

A big thank you from Hazel and Darcy for the support, kindness, cards and gifts from our friends in the village. Particular thanks to Uncle Wian, Auntie Barb, Jenna, Malc, Jenny, Mr and Mrs Pollard, - we could not have wished for better neighbours, Auntie Kath, parents and teachers at School and, the very many faces I have come to know over 14 years walking Tim! We wish you all lots of good health and happiness and thank you all so much. XXX

*Dear friends, I wish to thank you all for the kindness and care given to me during David's illness and passing. It has been a delight to live in such a lovely village for the past 22 years. I will be leaving mid June. Farewell! Eleanor Fox
Please welcome Mrs. Jennifer Burton*

We discussed *Howard Jacobson's The Finkler Question* which one of us described as 'a strange exploration of being Jewish which only a Jew would dare write'. She enjoyed it but most of us felt it was too strange to enjoy or even finish which was sad for an acknowledged comic writer.

We will be discussing *Alias Grace* by *Margaret Atwood* (which is an exploration of being a murderess), next.

Kirk Ireton Junior Fell Races!! Wednesday 29th June at 6.30pm

Kirk Ireton is again hosting one of a series of four junior fell races to be held this summer! (The others being in Thorpe (31st May), Parwich (2nd August) and Bradbourne (28th August)). There will be three race for the Under 8s, under 10s and under 12s covering distances of about 800m, 1500m and 3km respectively (The age categories are determined by age on 1st January 2010) The routes will start and finish on the village field behind Kirk Ireton School and involve a run up the slope to the north of the field. It will be entirely off the road, and free to enter! All welcome to come and join in, help or support!! If you have any questions please speak to Jo Rees (01335 370500). If you are you intending to come please contact me so that I know how many people to expect. Thank you. Jo

**Family Service June 12 and
Every Second Sunday onward**

As a church, especially one with as long and rich a history as this one at Kirk Ireton, we feel a tremendous privilege and responsibility.

A number of us have been thinking and praying over how best to continue to nurture the village children spiritually as our part in passing on this wonderfully rich inheritance. Of course school does much and the combined service of school and community held once or twice a year has seen some real fun and also involvement of the children themselves. That has been important, because passive sitting in pews does not produce faith. Joining in does. Greater energy is needed to be invested therefore in the monthly family service.

This has now moved to **every SECOND Sunday of the month**. It would be brilliant to see groups of families taking on the planning of these – leading prayers, doing the readings (dramatized or straight), planning an activity that all can join in with, choosing some of the songs.... And by families I mean two, or where possible three, and perhaps occasionally even four generations. Such a process will give an example to our children that all can give and all can receive. An example of faith that is active and growing and relevant to the seasons and stage of life and world events.

I am excited by what might emerge here and hope that all will support in prayer and ideas and by simply joining in. If the children benefit, they will invite their friends, and the church's future will pass into the next set of hands, hearts and lives. Wakes Week Wonders

WAKES DAY

Longlife ENGINEERING CHALLENGE - Shoe box racing car

The Engineering Challenge for this year's Wakes Day is to design and build a shoe box racing car. The car is to be built around a standard adult sized shoebox no longer than 30cm. In addition to the shoebox, household materials such as cardboard, polystyrene, old toys etc. can be used in the design. Propulsion is to be provided by rubber bands, sewing elastic, or any stretchable rubber-like material. Any form of mechanical, electrical or wind propulsion is not allowed.

The car must be built to carry a standard Barbie doll as the driver and so the design must incorporate a seat. The doll will be provided by the judges so that each car is carrying the same load.

The competition will be held in Main Street with each car being tested separately. The total distance travelled and time taken for each car will be recorded. There will be three prizes of £20 each; one for the most spectacular looking car, one for the furthest distance travelled and one for the highest speed attained.

For fun, after the cars have been tested there will be a race over a fixed length for all the entrants. Those interested in carrying the winner's trophy away please submit your entry by e-mail to Tony McLennan (Mac) at t.mclennan@vanwellservices.com or call me on 01335 370797.
